

SPECIAL EDUCATION AND MIDDLE SCHOOL MATHEMATICS ENDORSEMENT

OVERVIEW

Salt Lake Community College and Utah State Board of Education (USBE) are partnering to provide math courses required for special education licensed teachers seeking a Special Education Mathematics Endorsement. Participants will be able to finish their endorsement while attending classes specifically designed for Special Education teachers teaching secondary math to special education students.

General Education teachers looking to earn a Middle School Math Endorsement may also take these courses, if space is available.

REGISTRATION

Login into MySLCC. If you are a new student you must register at slcc.edu and follow these instructions:

AREA OF STUDY: Social & Behavioral Sciences, Education and Human Services

ACADEMIC GOAL: Taking credit courses to earn a degree or certificate

PROGRAM OF STUDY: Transition to Teaching/ARL (CA)

SUPPORTIVE: Cohort model comprised of other Special Ed teachers - grab a colleague and attend together.

APPLICABLE: Time in class to reflect on how your learning will impact the development of IEP's and classroom instruction.

AFFORDABLE: SLCC invoices USBE for your tuition*. No upfront cost required to register. You must pass with "C" or better.

ACCESSIBLE: Courses offered in a hybrid model: live webinar and online. Instructors are available each week for one-on-one support, if needed.

MEETS REQUIREMENTS: A Middle School Math Endorsement requires Math 2030 (Pre-Calculus), Math 2100 (Calculus), Math 2110 (Foundations of Geometry), Math 2120 (Foundations of Statistics), and Math 2130 (Foundations of Algebra)

Dates	Course #	Course Title	CRN	Cost
Sept 05 - Dec 07	Math 2030	AR Precalculus for Secondary Teachers	45132	\$700*
Sept 05 - Dec 07	Math 2130	AR Algebra for Secondary Teachers	45133	\$425*
