## Educators 5CEUs

### Inclusion Matters: Educator Track

Learn about case studies and hear personal success stories about why options for inclusive opportunities benefit everyone's educational experience.

### Step-by-Step: Educator Track

Learn evidence based techniques and strategies to create an inclusive classroom experience for students of all abilities.

Learn to build inclusive classrooms and schools that benefit disabled students and their typical peers.

Learn to use accommodations and modifications to include and empower learners of all abilities.

Instruction will be given by a reading specialist to demonstrate how to help ALL children learn to read.
