- Self-assessment
- 3 Goals Connected to
 - UETS
 - Previous evaluation
 - Student growth with data & Stakeholder input
 - Administrator approval

SMART GOALS

As educators write goals, remind them to be SMART. View a video about SMART goals by clicking [here](#) and by reviewing the attached [flyer](#).

Additional resources may be found at jes.jordandistrict.org.

DUE DATE

October 31, 2024

Beginning of the Year interims are due

SMART GOAL EXAMPLE

1. **Specific:** By the end of the semester, students will increase their ability to use technology tools for math by 50%.
2. **Measurable:** Students will demonstrate competency of usage of technology through formative and summative assessments.
3. **Achievable:** Students will be provided with targeted instruction and opportunities to practice with real-life problem solving.
4. **Realistic:** Enhancing technology tools in math is crucial for overall academic success in future opportunities for education and work.
5. **Timely:** The goal will be achieved by the end of the current semester.

SMART GOALS

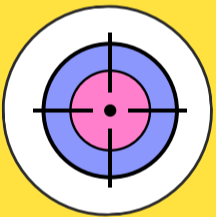

SPECIFIC

Clear and precise goals that outline exactly what is to be achieved.

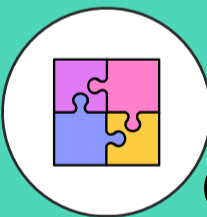

MEASUREABLE

Goals that include criteria to track progress and determine when they are accomplished.

ACHIEVABLE

Realistic goals that can be accomplished within the given resources and constraints.

REALISTIC

Goals that align with objectives and content and are significant to the individual's or organization's success.

TIMELY

Goals with a defined deadline to create a sense of urgency and timeline for completion.
