TEACHER LEADER FELLOWSHIP

About Us

The Jordan Teacher Leader Fellows includes sixteen educators from a variety of teaching experiences and expertise. During their 2-year fellowship cohort, Teacher Leader Fellows engage in a variety of professional learning experiences focused on developing skills related to the [Utah Teacher Leader Roles](#) and [Utah's Portrait of a Teacher Leader](#).

Jordan Fellows will lead within and beyond their educational environments as they advocate for public education, host professional development sessions, lead initiatives at their schools, and mentor other aspiring teacher leaders.

Our Mission

The Jordan Teacher Fellowship program provides full-time educators with an unique opportunity to receive high-quality training, support, and opportunities to interact with policymakers with the goals of improving the teaching and learning conditions in Jordan District schools and providing educators in the program with a chance to refine their teacher leadership skills.
