# Wit & Wisdom Round Table 2

Due to popular demand, the Teaching & Learning department will hold a second Wit & Wisdom round table where a panel of teachers from **every grade level** will share how they are finding success and making Wit & Wisdom work in their classroom.

There will be time for questions, and all teachers who attend this training will receive a stipend of \$150.00. This is a repeat of our previous session on March 14th. Teachers who were not able to attend on March 14th will be given first priority.

We look forward to seeing you there!
