

## Introducing ParentSquare Pointers!

Now that you've dipped your toes in the ParentSquare pool this year, are you ready to dive deeper into all things ParentSquare? Introducing **ParentSquare Pointers**, our periodic dose of ParentSquare tips and tricks delivered via JEM. Think of it as a cheat sheet to avoid digital communication disasters. We'll reveal underutilized features, share tips to make you 'ooh' and 'ahh,' and remind you how to avoid blunders, like sending messages to the wrong peeps (been there, done that).

### First up: Summer Camp!

🏕️ Missing out on summer camp? ParentSquare has you covered! Each day, you'll embark on a different journey packed with self-paced activities and helpful resources, along with a few surprises along the trail. Choose your own path, learn at your own pace, and unlock the secrets of ParentSquare like a true summer explorer.

🏕️☀️ Complete all activities and receive a **5-hour professional development certificate**. And don't forget to swing by the **virtual campfire** 🔥 aka live webinars 🔥 where we'll dive into cool features, swap stories, and maybe even roast a few (metaphorical) marshmallows together.
