

JSD Elementary Career Exploration Lessons

November Career:

Social Media Marketing Mgr

Math Lessons:

NAME _____ DATE _____

Social Media Manager

Sarah has 18 likes on her first Twitter video. After a few hours, some people undid her video. Now she has 8 likes. How many people undid Sarah's video? Circle 8 likes and count the rest to get the answer.

18 likes - 8 likes = 10 likes

10 likes

NAME _____ DATE _____

Social Media Manager

Sarah, a social media manager, has $\frac{3}{4}$ hours to review Instagram posts. If reviewing each post takes $\frac{1}{8}$ hour, how many complete post reviews can Sarah do during her work period?

Sarah's Instagram Post Review Timeline (20% marks total)

Time (hours)	Post Reviews
0.00	0
0.25	3
0.50	6
0.75	9
1.00	12
1.25	15
1.50	18
1.75	21
2.00	24

Sarah can review 12 complete post reviews during her work period.
