Join Olympian and Financial Advisor Heather Watanabe, State Treasurer Marlo Oaks, and personal and family finance experts for a day of learning and growth at the 2023 Utah Women in the Money Conference. The fifth-annual conference will empower Utah women to achieve financial security by providing access to crucial financial information, valuable resources, and new mentors and friends.

Women of all ages, cultures, and financial situations are invited to exchange ideas and grow together. The overarching message is that it is never too late, or too early, to learn about finances.
